Flight Operations Manual Summary

Document OPS-001 · Version 6.0 · Effective 15 June 2025 · Owner: Flight Operations · Northwind Air

1. Purpose and scope

1.1 This summary gives the main operating rules from the Flight Operations Manual to dispatchers and flight crew.

1.2 If this summary and the full manual differ, the full manual applies.

2. Rest requirements

2.1 The minimum rest between duty periods is listed in Table 2.1.

Table 2.1 Minimum rest between duty periods

Sector type	Minimum rest
Short-haul	10 hours
Long-haul	14 hours

2.2 Rest must be taken in suitable accommodation away from the aircraft and the terminal.

3. Crew conduct

3.1 Crew may not operate a flight within 8 hours of consuming alcohol.

3.2 Crew must be fit for duty and must not fly while taking medication that affects alertness.

4. Duty limits

4.1 The maximum flight duty period for long-haul pilots is 12 hours.

4.2 A captain may extend a duty period only with the approval of Operations Control.

5. Dispatch and weather

5.1 Dispatchers must give the crew current weather and airport conditions before every departure.

5.2 A flight must not depart if the weather is below the minimums published for the destination and alternate airports.

6. Records

6.1 Duty and rest records are retained for 3 years.

6.2 Records must be available to the regulator on request.
